

This Year, Go On A Field Trip That's Really **COOL!**

New in 2009 is *ICE!* featuring *A Charlie Brown Christmas* by Charles Schulz. Come along as Charlie Brown rediscovers the true meaning of Christmas through interactive ice sculptures and displays of this beloved children's classic. Experience the Peanuts gang in favorite scenes such as the rehearsal hall practice, Snoopy's decorated house and Charlie Brown selecting the perfect Christmas tree. All hand-carved from 2 million pounds of ice. *ICE!* at Gaylord Opryland is presented by Coca-Cola®.
